

New York, 16 Nov. 1833.

Dear Sir,

Being on a committee to nominate Officers for the National Anti-Slavery Society I wish to receive suggestions from you relative to the men in New England who should be elected Vice Presidents, &c. As the Society will probably be located here, the principal part of the officers should reside in this city & vicinity. Will you consult the friends of the cause & inform me, for the committee, who you think is the best man for President, Corresponding Secretary; & Vice Presidents & Managers for the New England States.

As it is important to obtain the consent of individuals to serve, before the Convention meets, you will perceive the reason why a committee has been appointed here on the subject.

Your early reply will greatly
obly

Dear Sir

Yours &c.

Lucas Tappan

Rev. Mr. Phelps

Boston.
